## Oxfordshire School Games

## **Cultural Activity 2**

Your challenge is to capture one (or more) of the School Games values within a original photograph.

It could be of something you see while out exercising or getting fresh air, or it could be of something in your own home or garden. It could even be a photograph of you demonstrating one of the values. It doesn't have to be related to Sport or PE - where else are these values displayed in our communities and daily lives?

You can share your images with us using #OxonSchoolGames &

#SockFest on social media or email us at

schoolgames@activeoxfordshire.org
