

Spring Term – Stingray Parent Newsletter

Dear Parents,

We all hope you had a great Christmas and wish you and your families all the best for 2017. We hope you had a good break from school and that the children are well rested and ready for another hard working term.

PE Kit:

PE days this term will be **Wednesdays** and **Fridays**. Your child's kit needs to be in school every day just in case these sessions change for any reason. Please make sure that they have navy blue shorts, t-shirt, trainers and appropriate warm clothing for going outside. Feel free to take your child's kit home on a Friday if it needs washing but do please remember to send it back in on a Monday. Please remember to label all PE kit, school tops, jumpers and trainers/shoes. This is also important for all uniform and coats.

Homework:

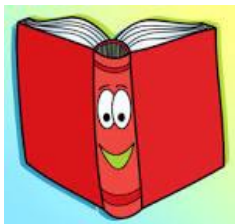

Year 5 homework is set and handed in as detailed below. We expect all homework to be completed to the same standard as any work they would do in their books at school and any homework which is not presented at a suitable standard may have to re-done.

Tuesday – A piece of maths homework to be completed by the following Monday. They will do this homework in their homework book or it will be completed on line on the active learn website. We would also like them to practise their times tables and other key number recall facts- e.g number bonds to 10 or 100. Mrs Churchill will keep the children informed of the times table the children should be focusing on. The children are now being tested every Thursday to check that they are working on their target. Hit the Button, which can be on the following link, <http://www.topmarks.co.uk/maths-games/hit-the-button> is a great way to practise times tables and number facts.

Friday - Spellings or word and sentence work will be given out on Friday to be handed in on the following Friday. This homework should be completed in their spelling book.

If homework is not handed in on time then children are expected to complete it during lunchtime.

Reading – It is still vital that your child reads daily, preferably with you or at least discusses what they have read with you. This has a real impact on all of their work and really increases the vocabulary they are able to use in their written work.

The children are expected to complete two reading journal activities each week, during registration time, However, if they don't manage to complete them, then they will need to complete them at home.

We are also developing out Guided Reading sessions. The children will all be set an activity following this session on a **Wednesday**, as well as reading some of the book. Again they may have time during school to start this task, but may have to finish it at home.

Please help your child to organise their time to complete all these tasks on time.

Water bottles

Please remember to send your child in with a named water bottle which they can keep in the classroom as drinks from the water fountain are only available during break and lunch times.

Curriculum

The topic this term is called topic with a fantastic visit the Roman army) and we the information he shared and DT will be linked to the Romans but will be studying culture.

‘An Italian Adventure’. We launched this from Lucius Capernacus (a soldier from are all looking forward to building on all with us today. Much of their English, Art topic. We will not only be looking at the other aspects of Italian history and

Attendance

Good attendance is vital for success, so please bear in mind that if your child is well enough to potter about at home then they are probably well enough to be in school. As long as they always work hard and join in with enthusiasm then they will have personal success.

Problems and Concerns:

We all hope that everything continues to run smoothly this year but would stress that if you do have any problems or concerns that you come and see one as soon as possible. Mornings are always busy but we will find time if it is urgent. Otherwise please catch us before school to arrange a time when we can meet to discuss your concern in more detail.

Kathryn Churchill, Jane Leaver and Kim Weaver
