3. How careful was Cross Hot with the invitations? Find evidence in the text to support your opinion.
   Cross Hot wasn't very careful with the letters because it says he 'threw the invitations into his bunny pack' and 'Without looking, he put his paw into his pack'.

4. How did the animals feel about bringing food they did not eat?
   The animals may feel that mother bunny hasn't thought very carefully about them if they have been asked to bring food that they do not eat to the parade.

5. Why should the animals go to the party?
   I think the animals should go to the party because it is a chance for them all to get together as friends and enjoy the Parade and eat together. Even if they don't eat the food they have been asked to bring, they are willing to bring something different and take part in the day.
