

## **Newsletter 4 Summer Term**

**16 June 2017**

### **Dear Parents and Carers**

#### **National Sport Week**

Next week is National Sports Week, so there will be lots of sporting activities in school and these events will accumulate house points which will go towards the final total at the end of sports day. Please make sure that children are well covered in an all-day sunscreen and wear a hat as they will be spending more time outside. We look forward to seeing you all on Sports Day on Friday. Please join us for a picnic lunch.

#### **Cricket:**

On 7<sup>th</sup> June all of the Year 5 and 6 children went to a cricket tournament. Despite the blustery and windy conditions at Chesterton Cricket Club, everyone had a great time and played excellently. We also took along some people who acted as photographers and team managers which meant everyone could be involved in the day. There were 4 teams and all the teams did really well. The Y5 won their plate competition and the girls' team came second. As always the teams represented Fritwell really well, demonstrating the event value of 'passion' throughout.

#### **Quad Kids:**

40 children from Years 3,4,5 and 6 took part in an athletic event called 'Quad Kids' on a very hot Wednesday afternoon this week and had an excellent time. The children had great fun and had lots of personal successes in the four events they took part in. We had some good wins and runner ups in some of the races and some great distances jumped and distances thrown! Results were not available at the end of the event so will follow as soon as we have them. Well done everyone!

#### **PE Kit**

Please make sure your child has their PE kit in school every day. It can be taken home at the weekend to be washed and returned on Monday. This has become an issue especially on a Tuesday when a queue of children comes to the office to phone parents asking to have their kit brought in.

#### **Bus**

I would like to remind you to let the office know if you are planning to pick your children up when they are on the bus register for that day. We have had several instances lately where we have been running around the park trying to locate children to ensure they are safe.

#### **Vacancy for an EYFS Support Worker**

We are looking for a support worker for EYFS for Wednesday, Thursday and Friday from 8:40-1:15 from September to December with the possibility of the contract extending. If you would like more information please contact Val in the school office.

The After School Club has made an appeal for good quality books both fiction and non-fiction, suitable for all ages. If you can help please let Val or Jean know in the office or send some books into school with your child.

Have a lovely weekend; it looks like the sun will shine for us at last!

Regards

Debbie McLeod  
Headteacher
